

Vertical garden sizes with Wallgarden!

Please compare the cost to coverage, **Wallgarden** is the lowest cost by far, as you can see, it takes approximately **5** Wallgarden units to cover **1** square metre.

When spacing side to side you can plant towards the ends, then separate Wallgarden by up to 100mm, giving full plant coverage!

Spacings between Wallgarden modules, are 50mm. Space further apart for taller plants.

Seven Wallgardens 2160mm

Eight Wallgardens 2440mm

More than 8 Wallgardens add 280mm for 9, add another 280mm for 10 etc.
